

Pour ne jamais oublier....

Avril 1912, une nuit sur l'Atlantique nord, une traversée inaugurale et un drame de mer....ce CD qui n'a rien à voir avec celui du film de James Cameron, retrace musicalement parlant l'histoire du RMS TITANIC en une vingtaine de morceaux choisis avec soin et élégance, une très belle façon de se souvenir....The last farewell est signé par les plus grands musiciens

*This collection features evocative music, traditional ballads and dance tunes and popular songs from a bygone era. It also includes specially commissioned music with beautiful arrangements that are uniquely Irish, performed by some of our finest singers and musicians.*

*We remember the lives and loves of a generation through the stories of the many Irishmen and Irishwomen who unknowingly bid their last farewells as they sailed out to sea on board the RMS Titanic in April, 1912.*
